

Saint Brando

Class: Monk

Weapon: Hammer

Ideas: Make fat(strong) and Bald, carries a big hammer. I see him with a long brown robe that a monk would wear. Some kid of religious necklace

Ryan the Bard

Class: Bard

Weapon: Air Guitar

Idea: Do you know who Freddie Prince Jr is? This guy looked like him in his days with the hair and everything, but age, baldness, and lot of drinking have taken a toll on him. He's a karaoke champion. He calls himself Cap'n Fun. He's never without a backwards baseball cap..

Mike the Ranger

Class: Ranger

Weapon: Rifle

Ideas: I've actually never met him before but he's described as so... he definitely looks Idaho (goatee and hat), likes Seattle sports and classic cars (believe it or not stacked 69 doesn't refer to him and Adams extracurricular activities, I think he has a 69 chevelle) and he doesn't talk much... like I said, looking at him Brandon and Adam, you would think that they make bathtub meth in their trailer for a living. No pic of him, def a trucker hat and goatee though.

Adam the Dunk Cripple

Class: Drunk Cripple

Weapon: Crutch

Ideas: I shouldn't joke around that he's an alcoholic but he likes to drink and likes to go on angry drunken rants. He also somehow survived a pretty terrible car wreck and badly messed up his leg. Think Tiny Tim from A Christmas Carol, but very angry, and very drunk. I don't have a picture of him, but if you type in fat blonde guy, just about any of those images would work. No facial hair. Still got a head of hair.

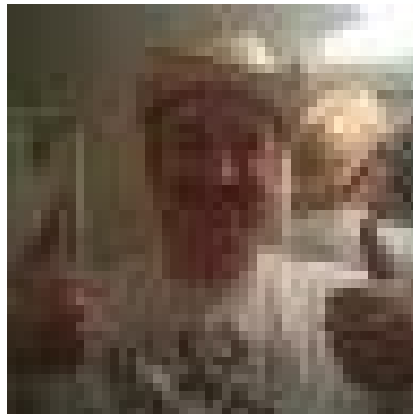

Sorcerer Dan

Class: Sorcerer

Weapon: Staff

Ideas: I only have a terrible picture of Dan. I like this kind of look, like he's a kid wearing clothes that are way to big for him. Give him a wizards staff, robe, pointy ass hat.

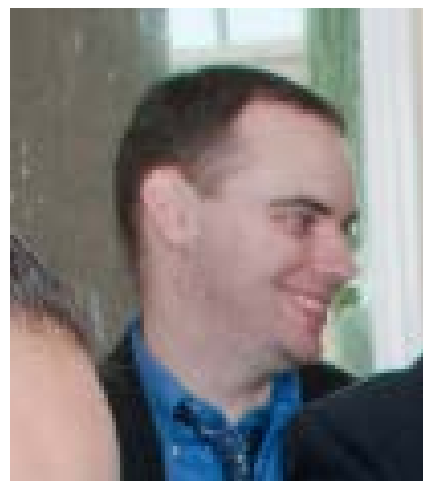

Emperor Spoon

Class: Emperor

Weapons: None he directs his underlings to fight for him

Ideas: He's my buddy, but the best way to describe him is weak and feeble, the kind of guy you feel like you would break his hand when shaking hands. He likes to think he's very important and bossing people around and thinks himself as Caesar. Ever seen the comic Asterix and Obelix? In that the Cheiftain is carried around the village on a shield by two people. So Spoon, Dressed up as Caesar carried on a shield by 2 Guards.

Rob the Barkeep

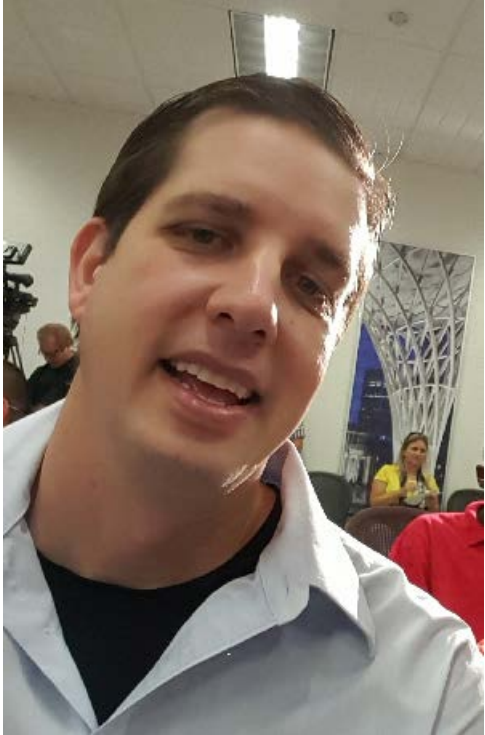

Class: Bartender

Weapon: Iron Mug

Ideas: I don't know him that well, He owns a bar on the beach. Likes to remind us all of that constantly. Mid 40's, beer but, balding. He's like a real Life Captain Ron, so add a mullet and an eye patch

Garecrow

Class: Scarecrow

Weapon: Scythe

Idea: Can a scarecrow be scary? Inside joke, one Halloween Work party I dressed up as a Scarecrow. While in a group with my co workers talking, big boss comes up and is like hey guys, Garecrow, get it? And then we all gave the pity/fake laugh cause he would make life hell if we didn't.

I'm the one running things, will be like an end boss type of thing, so do as you will.
